MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The financial year 2023 has been a challenging year for all lending businesses. On the macro-economic front, inflation has emerged as a key global challenge in the backdrop of surge in energy prices, food and non-food commodities, disruption in global supply chains and rising freight costs. To rein in rising inflation rates, central banks across the world have started adopting monetary tightening viz., raising interest rates and curbing liquidity.

The interest rate scenario, from being extremely benign and with ample liquidity quickly turned out to one where interest rates were hiked in quick succession along with tightening of liquidity. Along with these, the global macro environment also turned quite sharply with Ukraine war scenario.

While globally, credit market has seen challenges, Indian credit environment looks strong. India is one of the few large economies which will show positive GDP growth and avoid recession. India's growth would require credit growth and hence offer an opportunity for HFCs like Godrej Housing Finance, which keep the Housing at the centre of our operations.

Given the systemic risks that the sector poses, the RBI issued 'Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs' on 22 October 2021 to make the financial sector more robust and resilient. The regulatory purpose appears to be to calibrate the degree of regulatory prescription based on the systemic importance of NBFCs and the contagion risk they pose to other entities in the financial system.

All house finance companies have been classified as Middle Layer and thus Company also falls in Middle Layer. We are well prepared to meet any enhanced regulatory requirements and will comply with these in letter and spirit.

2. GROWTH AND RISK THEREOF:

The Indian housing sector has grown steadily in the recent years. Government initiatives around "Housing for all", schemes such as the PMAY and other such initiatives have helped the overall growth of this segment.

The housing sector in the coming years, given the support from the Government led initiatives, low penetration of the housing finance market as compared to other economies and other structural factors will continue to grow at a CAGR of 11-13%.

Some significant growth opportunities include:

- The mortgage to GDP ratio of India is one of the lowest in the world with significant headroom for growth.
- Initiatives from the Government in setting up funds for lending to unfinished projects have assisted in completion of various projects. This has renewed confidence in the real estate sector.

- While interest rates have increased, housing loans are still cheaper than what these were before COVID and hence the affordability is better.
- Buyer preference has changed post COVID as demand for homes has increased.

Risk factors –

- Competition continues to increase especially from the banks. Share of banks within the housing finance business continues to increase. While banks have the ability to price their loans at better rates, the housing finance companies remain better at innovating for the customer. The company intends to keep its track record on innovating keeping the customer at the centre.
- Housing demand could be muted as the cost of finance goes up. Given the tighter interest rate scenario, we could see the cost of financing to rise.
- Macro environment factors such as inflation, weakening economy could impact affordability. Inflation will also lead to rise in house price index which would further impact affordability.

3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE OF THE COMPANY.

The Company is focusing on housing loans and hence, ~ 73.65 % of its total loan book is comprising this segment. The other ~ 26.35 % includes non-housing loans.

4. OUTLOOK

The Company has a positive outlook for FY 2023-24. The Company has established its business in 14 Locations and shall contemplate expanding into more areas.

The Company has made substantial investment in people, processes and technology which is expected to bear fruit this year. As the economy will open up, there is expected to be significant opportunity for growth.

5. RISK MANAGEMENT:

The Company aims to operate within an effective risk management framework to actively manage various risks (including credit risk, market risk, operational risk, fraud risk etc) faced by a HFC, in a manner consistent with its risk appetite. Accordingly, it has adopted a Risk Management Policy which aims to establish a risk culture and risk governance framework, under the guidance of its Board of Directors, to enable identification, measurement, mitigation, and reporting of risk within the Company.

The Company has an active Risk Management Committee which reviews Portfolio Quality Risk, Interest rate and liquidity risk, Credit concentration risks, Legal risks, Regulatory & Compliance risks, People risks, IT Risks & their impact and mitigation thereto.

The Board of Directors on recommendation of the Risk Management Committee approved an Enterprise Risk Management (ERM) Framework at their meeting held on February 2, 2022. The ERM Framework comprises of the following:

- Exhaustive and improved Risk Management Policy.
- Identification of top risks affecting the Company both at Department level and Enterprise level and preparation of separate Risk Register at Department and Enterprise level.
- Prioritization of the identified risks as per the strategic priorities of the Company and assignment of owners for top risks.
- Understanding existing mitigation measures, development of additional mitigation plans and defining Key Risk Indicator (KRI) and appetite thresholds for top risks.
- Cognizance of the key risks which shall be monitored at Enterprise Level and presented to the Risk Management Committee on a continuous basis.

The Risk Management Committee reviews risks impacting company and their mitigants on quarterly basis.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has institutionalised a strong compliance and control culture across all the business activities recognising the importance of transparency and trust.

The internal controls of the Company are commensurate with the business requirements, its scale of operation and applicable statutes to ensure orderly and efficient conduct of business. These controls have been designed to ensure assurance regarding maintaining proper accounting controls, substantiation of financial statement, safeguarding of resources, prevention and detection of frauds and errors, ensuring operating effectiveness, reliability of financial reporting, compliance with applicable regulations and relevant matters covered under section 134 (5) (e) of the Companies Act, 2013.

Internal Auditors follow prescribed guidelines and functions under the supervision of Audit Committee of the Board.

7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

INDEPENDENT AUDITOR'S REPORT

To the Members of Godrej Housing Finance Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Godrej Housing Finance Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as “financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, (Ind AS) and with other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“the ICAI”) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	How the Key Audit Matter was addressed in our audit
1	Impairment of financial assets as at the balance sheet date (Expected Credit Losses) Total ECL Provision as at March 31, 2023 – Rs.1,356.33 lakh (Previous year Rs. 718.24 lakh) Charge to the Statement of Profit and Loss – Rs. 638.09 lakh (Previous year Rs. 647.22 lakh) (as described in <i>Note no 2.7.1.1.iv on Significant Accounting Policies, Note 5 and Note 22 of the Financial Statements.</i>)	

Sr. No.	Key Audit Matter	How the Key Audit Matter was addressed in our audit
	<p>As part of our risk assessment, we determined that the allowance for Expected Credit Loss (ECL) on loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the financial statements.</p> <p>Ind AS 109 requires the Company to provide for impairment of its financial assets designated at amortised cost and fair value through other comprehensive income (including loan receivables and investments) using the expected credit loss (ECL) approach. ECL involves an estimation of probability-weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the Company's financial assets.</p> <p>The key areas where we identified greater levels of management judgement and therefore increased levels of audit focus in the Company's estimation of ECLs are:</p> <ul style="list-style-type: none"> • In process for or estimation of ECL for the Company, the entire portfolio has been segmented into various homogenous product segments. • The Company's portfolio currently has neither a sufficiently long history nor adequate number of defaults to use own data for estimation of Probability of Default (PD). A Logistic Regression model developed on the lookalike data obtained from Experian for estimating the PD of Applicant for a 24 Month period, has been used for PD estimation. • Bureau data for product segment during the period January 2016 to October 2017 was considered for scorecard development. The lookalike population was arrived at by considering the ticket size, location, age and peer institution. Performance was monitored for the above selected accounts from account open date, giving an outcome period of 24 months for all customers. Appropriate adjustments based on bureau data has been carried out to align the PD models to the required ECL performance period. • The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including 	<p>We have examined the ECL methodology of the Company, which has been reviewed by the Board of Directors, and have confirmed that adjustments to the output of the ECL model is consistent with the documented methodology.</p> <p>Read and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109.</p> <p>Our audit procedures relating to the allowance for ECL included the following, among others:</p> <p>Tested the design and operating effectiveness of the internal financial controls relevant to the impairment loss allowance process, as detailed below:</p> <ul style="list-style-type: none"> - completeness and accuracy of the Exposure at Default ("EAD"). - appropriateness of information used in the estimation of the Probability of Default ("PD") and Loss given Default ("LGD") for the different loan portfolio. - reconciled the total loans considered for ECL assessment with the books of accounts to ensure the completeness. <p>Performed the following substantive procedures on sample of loan assets:</p> <ul style="list-style-type: none"> - Tested categorization of loan portfolio into different segments. - Tested the accuracy of information such as ratings and other related information used in estimating the PD; - Reviewed the JSON file obtained from Credit Rating Agency to re-compute the score as per the ECL Model provided to us, on sample basis. - Performed inquiries with the Company's Management and its risk management function to assess basis for determining the PD and LGD rates.

Sr. No.	Key Audit Matter	How the Key Audit Matter was addressed in our audit
	<p>from the realisation of any collateral. It is usually expressed as a percentage of the EAD. The Company's Portfolio is at a nascent stage and has till date had no defaults. Given the nature of the business, nascency of business and restricted observation period, a Loss Given Default (LGD) Rate has been considered based on the industry trend.</p> <ul style="list-style-type: none"> In case of Exposure at Default (EAD), the principal outstanding for the accounts has been considered as EAD. <p>If required, definition of the above segments can change with business expansion, change in portfolio performance or economic cycle. Each segment is further split into delinquency buckets. For each such bucket, Probability of Default (PD), Loss Given Default (LGD) and EAD are estimated.</p> <p>In addition to the output of the ECL models, macroeconomic overlays and adjustments are recognised by the Company to align historic LGD estimates with the current collection and recovery practices.</p> <p>The Company has considered a management overlay of Rs. 736.78 lakh (PY Rs.487.30 lakh) as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors. The management overlay is based on various uncertain variables, which could result in actual credit loss being different than that being estimated.</p> <p>In view of such high degree of Management's judgement involved in estimation of ECL, it is a key audit matter.</p>	<ul style="list-style-type: none"> Evaluated the methodology used to determine macroeconomic overlays. Tested the arithmetical accuracy of computation of ECL provision performed by the Company in spreadsheets. Assessed the disclosures included in the financial statements in respect of ECL to confirm compliance with Ind AS provisions.
2.	<p>Information Technology ("IT") Systems and Controls</p> <p>The Company has a complex IT architecture to support its day-to-day business operations. Moderate volume of transactions is processed and recorded multiple applications. The reliability and security of IT systems plays a key role in the business operations of the Company. Since transactions are processed on daily basis in multiple applications hence IT controls are required to ensure that applications process data as expected and that changes are made in an appropriate manner.</p> <p>Appropriate IT General Controls and Application Controls are required to ensure that such IT systems are able to process the data, as required, completely,</p>	<p>Our Audit procedures with respect to this matter included the following:</p> <p>Involved IT specialists as part of the audit for the purpose of testing the IT General Controls and Application Controls (automated) to determine the accuracy of the information produced by the Company's IT systems.</p> <p>Obtained an understanding of IT applications landscape implemented by the Company, including an understanding of the process, mapping of applications and understanding financial risks posed by people-process and technology.</p>

Sr. No.	Key Audit Matter	How the Key Audit Matter was addressed in our audit
	<p>accurately and consistently for reliable financial reporting.</p> <p>We have identified 'IT systems and controls' as a key audit matter because of the high-level automation, significant number of systems being used by the management and the complexity of the IT architecture and its impact on the financial reporting system.</p>	<p>Tested operating effectiveness of key controls over user access management, change management program development, computer operations, backup.</p> <p>Also tested Entity Level Controls pertaining to IT Policy and Procedure and Business Continuity Plan assessment.</p> <p>Tested the design and operating effectiveness of certain automated controls within application that were considered as key internal controls over the financial reporting system.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information, and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation

precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Company as on March 31, 2023 taken on record by the Board of Directors, none of the directors of the Company is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the financial statements.
 - (g) With respect to other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its director during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the note to the financial statements; no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s)/ entity(ies), including

foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall , directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in note to the financial statements, no funds have been received by the Company from any person(s) / entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has neither declared nor paid any dividend during the year.

Annexure B to the Independent Auditor's Report

The Annexure referred to in Para 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2023:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Godrej Housing Finance Limited** ("the Company") as at March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023

1. Corporate Information

Godrej Housing Finance Limited ("the Company") was incorporated on October 05, 2018 having Corporate Identity Number (CIN): U65100MH2018PLC315359 as a company limited by shares. The Company obtained the certificate of registration from the Reserve Bank of India ('RBI') as required under Section 29A of the National Housing Bank ('NHB') Act, 1987 on October 26, 2020. The Company is registered as a non deposit taking housing finance company. The main objects of the Company, inter alia are to carry out the business of housing finance and provide financial assistance to construct, purchase, expand, renovate property. The Company is a wholly owned subsidiary of Godrej Capital Limited w.e.f from March 30, 2023.

2 Basis of preparation

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016. These financial statements together with the comparative reporting period have been prepared in accordance with the recognition and measurement principles as laid down in Ind AS, prescribed under Section 133 of the Companies Act, 2013 ('the Act') and the provisions of the National Housing Bank Act, 1987 and the Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 issued by Reserve Bank of India (RBI) , as amended from time to time.

The Company uses accrual basis of accounting except in case of significant uncertainties. The accounting policies are applied consistently to all the financial years presented in the financial statements.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

The financial statements of the Company for the year ended March 31, 2023 were approved for issue in accordance with the resolution of the Board of Directors on May 04, 2023.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

2.2 Basis of measurement

The financial statements have been prepared on an accrual basis under the historical cost convention as modified by the application of fair value measurements required or allowed by the relevant standards under Ind AS.

Historical cost is generally the amount of cash or cash equivalents paid or the fair value of the consideration given in exchange for goods and services.

The financial statements have been prepared on a historical cost basis except for the fair value through other comprehensive income (FVOCI) instruments and certain financial assets and financial liabilities measured at fair value through profit and loss statement (FVTPL).

2.3 Functional and Presentation Currency

The financial statements are presented in Indian Rupees (rounded to the nearest lakhs) which is determined to be the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

2.4 Presentation of financial statements

The Balance Sheet and the Statement of profit and loss are prepared and presented in the format prescribed in the Division III to Schedule III to the Companies Act, 2013 ("the Act") as amended from time to time. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flow". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Ind AS, RBI, NHB and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2.5 Use of estimates and judgements

The preparation of financial statements in conformity with Ind-AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognised in the periods in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognised prospectively in the period in which the estimate is revised and future periods. The estimates and judgements that have significant impact on the carrying amount of assets and liabilities at each balance sheet date listed here in below under critical accounting estimates and judgements.

Information about critical judgements in applying accounting policies, as well as estimates and assumptions that have the most significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

A. Useful lives of property, plant and equipment and intangible assets

The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period or even earlier in case, circumstances change such that the amount recorded value of an asset may not be recoverable.

B. Determination of lease term:

Ind AS 116 – Leases requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

C. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see **Note - 36**.

D. Business model assessment

Classification and measurement of financial asset depends upon the results of the solely payment of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial asset are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the asset is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held.

E. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation as at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation.

F. Contingent liabilities

Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured. Contingent liabilities are disclosed unless the possibility of an outflow of resources embodying economic benefit is remote.

G. Employee Benefits

i) Short-term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related service is rendered.

ii) Defined Contribution Plan

The Company's contribution paid/payable during the year towards Provident and other funds is charged to the statement of profit and loss in the year in which employee renders the related service.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

iii) Measurement of defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each financial year end.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the actuary considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

The Company has an obligation towards gratuity, a non funded defined benefit plan covering eligible employees. Vesting for gratuity occurs upon completion of five years of service.

Details of the unfunded defined benefit plans for its employees are given in Note - 35 which is as certified by the actuary using projected unit credit method.

iv) Compensated Absences

Eligible employees of the Company are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation using projected unit credit method for the unused entitlement that has accumulated as at the balance sheet date.

H. Effective interest rate

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial (i.e. its amortised cost before any impairment allowance) or to the amortised cost of a financial liability. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

I. Measurement of impairment of loans and advances

Judgement is required by management in the estimation of the amount and timing of future cash flows when determining an impairment loss for loans and advances in new businesses. In estimating these cash flows, the Company makes judgements about the borrower's financial situation compare the borrower's profile with customers having similar profile to estimate probability of default and the net realisable value of collateral, if any. These estimates are based on assumptions about a number of factors including forward looking information, and actual results may differ, resulting in future changes to the impairment allowance.

2.6 Amendment to Existing IND AS:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

2.7 Significant accounting policies

2.7.1 Financial Instruments

Financial assets and financial liabilities are recognised in the balance sheet when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

2.7.1.1 Financial assets

i) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

The financial assets include investments in mutual funds, trade and other receivables, loans and advances and cash and bank balances. However, trade and other receivables that do not contain a significant financing component are measured at transaction price.

ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortised cost, and
- At fair value through other comprehensive income (FVOCI), and
- At fair value through profit and loss (FVTPL).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Amortised Cost

Financial assets at amortised cost include loans receivable, and other financial assets that are held with the objective of collecting contractual cash flows. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate (EIR). The effective interest rate (EIR) amortisation is included in interest income in the statement of Profit and Loss.

Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income ("OCI"), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of profit and loss and recognised in other gains/(losses) (net). Interest income from these financial assets is included in other income using the effective interest rate (EIR) method.

Fair value through Profit and Loss (FVTPL)

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit and loss ('FVTPL').

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

iii) Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period in which the Company changes its business model for managing financial assets.

iv) Impairment

The provision for credit risks, which is recognized in accordance with the expected credit loss method specified by Ind AS 109 and in accordance with uniform standards applied, encompasses all financial assets measured at amortised cost. The calculation of the provision for credit risks generally takes into account the exposure at default, the probability of default and the loss given default.

Financial assets are subject to credit risks, which are taken into account by recognising the amount of the expected loss; such allowances are recognised for both financial assets with objective evidence of impairment and non-impaired financial assets.

The general approach is used for financial assets measured at amortised cost on initial recognition. Financial assets are broken down into three stages in the general approach.

Stage 1 consists of financial assets that are being recognised for the first time or that have not demonstrated any significant increase in probability of default since initial recognition. In this stage, the model requires the calculation of an expected credit loss for the next twelve months.

Stage 2 consists of financial assets for which there is a significant increase in credit risk. The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

Stage 3 Financial assets demonstrating objective indications of impairment are allocated to stage 3. The Company assumes that the financial asset is credit impaired if it is more than 90 days past due.

In stage 2 and 3, an expected credit loss is calculated for the entire remaining maturity of the asset.

The Company considers a financial asset to be in default when :

- the borrower is unlikely to pay its credit obligations to the Company in full or in part, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is 90 days or more past due.

Both historical information, such as average historical default probabilities for each portfolio, and forward-looking information is used to determine the measurement parameters for calculating the provision for credit risks.

Impairment arises in a number of situations, such as delayed payment over a certain period, the initiation of enforcement measures, the threat of insolvency or over indebtedness, application for or the initiation of insolvency proceedings, or the failure of restructuring measures.

Reviews are regularly carried out to ensure that the allowances are appropriate. Uncollectible loans or receivables that are already subject to a workout process and for which all collateral has been recovered and all further options for recovering the loan or receivable have been exhausted are written off directly. Any valuation allowances previously recognised are utilised. Income subsequently collected in connection with loans or receivables already written off is recognised in the statement of profit and loss.

Loans are reported in the balance sheet at the net off Expected Credit Loss (ECL) provision.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

Measurement of ECL

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

The Probability of Default (PD) is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date of repayments of principal and interest.

The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

When estimating the ECLs, the company adds a management override to account for stressed scenarios which are then reviewed on a periodic basis. This takes into account the expected inherent risk for different segments in the portfolio and the macro economic environment. The assumptions are periodically validated and modified as appropriate.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

v) Write - offs

Financial assets are written off either partially or in their entirety when the Company has no reasonable expectations of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment of financial instruments in the statement of profit and loss. However, financial assets that are written off may be subject to enforcement activities to comply with the Company's procedures for recovery of amounts due.

2.7.1.2 Financial liabilities

i) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities classified at amortised cost, net of directly attributable transaction costs. The financial liabilities include trade and other payables, term loans and borrowings, lease liabilities etc.

ii) Subsequent measurement

For the purpose of subsequent measurement, financial liabilities are classified as financial liabilities at amortised cost.

Financial liabilities at amortised cost

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the effective interest rate (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate (EIR). The effective interest rate (EIR) amortisation is included as finance costs in the statement of profit and loss.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

2.7.1.3 De-recognition, Modification and Transfer

Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primary derecognised when ;

- The rights to receive cash flows from the asset have expired; or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset; or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in the statement of profit and loss.

If the terms of a financial assets are modified, the Company evaluates whether the cash flow of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value.

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset as the present value of the renegotiated or modified contractual cashflows that are discounted at the financial asset's original effective interest rate and recognises the amount arising from adjusting the gross carrying amount as a modification gain or loss in the the statement of profit and loss. Any costs or fees incurred adjust the carrying amount of modified financial asset and are amortised over the remaining term of the modified financial asset. If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses, in other cases, it is presented as interest income.

Financial Liability

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

2.7.1.4 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance sheet, if there is currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

2.7.1.5 Derivative financial instruments

The Company enters into derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign exchange rate risk and are measured at fair value through profit or loss.

2.7.1.6 Cash and Cash equivalents

Cash and cash equivalents consist of cash on hand, balances with bank, deposits with bank (with original maturity of three months or less). For the purposes of presentation in the statement of cash flow, cash and cash equivalents include cash on hand and current account balances with banks that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

2.7.1.7 Fair value measurement

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques are as follows :

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as price) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.7.2 Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

2.7.3 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

2.7.4 Foreign currency transactions and balances

i) Initial recognition:

Foreign currency transactions are recorded in the reporting currency (which is Indian Rupees), by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion:

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii) Exchange differences:

All exchange differences arising on settlement or translation of monetary items are recognized as income or as expenses in the period in which they arise.

2.7.5 Property, Plant and Equipment (Tangible assets) & Depreciation

i) Recognition and measurement

Property, Plant and Equipment ("PPE") are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

ii) Subsequent measurement

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the part will flow to the Company and its cost can be measured reliably. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

iii) Depreciation

Depreciation on PPE is provided on a straight-line basis to allocate their cost, net of their residual value over the estimated useful life of the respective asset. The Company has estimated the useful lives to depreciate its PPE which is in accordance with those prescribed under Schedule II of the The Companies Act, 2013, except vehicles, in whose case the life of the assets has been assessed based on the nature of the asset, the estimated usage of the asset. The following are the estimates of the useful lives to depreciate its PPE: The following are the estimates of the useful lives to depreciate its PPE:

Particulars	Estimated useful life by the Company
Computer Hardware	3 - 5 Years
Office Equipment	5 Years
Vehicles	5 Years
Furniture and Fixtures	10 Years

Leasehold improvements are amortized on a straight line basis over the period of lease of the asset.

2.7.6 Intangible assets

i) Recognition and measurement

The Company's intangible assets primarily consist of computer softwares. Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets.

Development costs include employee costs and an appropriate portion of relevant overheads. Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible assets under development".

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the assets are recognised in the statement of profit and loss when the asset is derecognised.

ii) Amortisation of intangible assets

Intangible assets are amortized on a straight line basis over the estimated useful economic life. Intangible assets are amortised as per management's estimate over a period of 3 to 10 years or license period whichever is earlier. Intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Costs associated with maintaining software programmes are recognised as an expense as incurred.

On review of estimates related to the intangible assets following changes have been made prospectively during the year:

- Life of certain core intangible assets is increased from 5 years to 10 years
- Residual value of intangible assets updated to zero

2.7.7 Employee Benefits Expenses

2.7.7.1 Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

2.7.7.2 Post-Employment Benefits

Defined contribution schemes

All eligible employees of the company are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the company contribute monthly at a stipulated percentage of the covered employee's salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and are charged to Statement of Profit and Loss at actuals. The company has no liability for future provident fund benefits other than its annual contribution.

Defined Benefit schemes

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its longterm nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Other Long term employee benefits

Accumulated compensated absences

The Company provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

2.7.8 EMPLOYEE SHARE BASED PAYMENTS

Equity-settled scheme:

Equity-settled share-based payments made by the parent Company to the employees of the Company are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest. Fair value determined at the grant date is reduced by payment, if any, made to the parent, is recognised as deemed contribution to equity from parent.

2.7.9 Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Godrej Housing Finance Limited

Notes to the financial statements for the year ended March 31, 2023 (Continued)

2.7.10 Earnings per share

Basic earnings per share are calculated by dividing the net profit and loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit and loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares which may involve issue of equity shares. The calculation of diluted earnings per share does not assume conversion, exercise, or other issue of potential ordinary shares that would have an antidilutive effect on earnings per share.

2.7.11 Income Taxes

Income tax expense comprises current tax and deferred tax and is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in OCI.

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are enacted or substantively enacted by the balance sheet date and applicable for the period.

Current tax items in correlation to the underlying transaction relating to OCI and equity are recognized in OCI and in equity respectively.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.7.12 Leases

The Company's lease assets primarily consist of leases for office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee. Short term leases (lease term of twelve months or less) and low value leases are recognized as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.7.13 Segment reporting

The Company is engaged in the business segment of Financing, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

2.7.14 Revenue and Expense Recognition

2.7.14.1 Interest income

Interest income is presented in the statement of profit and loss includes interest on financial assets measured at amortised cost calculated on an effective interest basis. Fee income and expense that are integral to the effective interest rate on a financial asset are included in the effective interest rate computation. The amortization of income and expenses for financial assets under EIR approach is done on a systematic basis that exactly discounts estimated future cash flows of the financial assets through the expected life of the assets.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets. (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated applying the EIR to the amortised cost of the credit-impaired financial asset (i.e. the gross carrying amount less the allowances for ECLs).

2.7.14.2 Commission and fee income

Commissions earned by the Company which are not directly attributable to disbursement of loans are recognised in the statement of profit and loss as and when incurred.

Fee and commission income include fees other than those that are an integral part of EIR. The Company recognises the fee and commission income in accordance with the terms of the relevant contracts / agreement and when it is probable that the Company will collect the consideration.

2.7.14.3 Profit or loss earned on sale of investments is recognised on trade date basis, determined based on the weighted average cost of the investments sold.

2.7.14.4 Dividend income

Dividend income is recognized when:

- the right to receive dividend is established which is generally when shareholders approve the dividend,
- it is probable that the economic benefits associated with the dividend will flow to the entity and
- amount of dividend can be measured reliably.

2.7.14.5 Other income

Revenue from services is recognised net of taxes as and when the service is performed as per the relevant agreements.

2.7.14.6 Interest expenses

Interest expense is presented in the statement of profit and loss includes interest on liabilities measured at amortised cost calculated on an effective interest basis. Fee and borrowing costs that are integral to the effective interest rate on a financial liability are included in the effective interest rate computation. The amortization of expenses for financial liabilities under EIR approach is done on a systematic basis that exactly discounts estimated future cash flows of the financial liabilities through the expected life of the financial liability.

2.7.14.7 Borrowing costs

Borrowing costs incurred in connection with the borrowing of funds including the ancillary cost are amortised and accounted as interest expense using the EIR method.

Other borrowing costs are recognised as expense in the period in which they are incurred.

34. Employee benefits - Disclosure pursuant to Ind AS 19 'Employee Benefits' (Continued)**d) The principal assumptions used in determining gratuity obligations for the Company's plans are shown below**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

	As at March 31, 2023	As at March 31, 2022
Discount rate	7.29%	6.09%
Salary growth rate	10.00%	8.00%
Employee attrition rate	24.00%	20.00%
Mortality rate during employment	Indian Assured Lives Mortality (2012-14) Urban	Indian Assured Lives Mortality 2012-14 (Urban)
Expected average remaining working lives of employees	3 Years	4 Years

e) Impact on defined benefit obligation - Sensitivity Analysis

Particulars	March 31, 2023		March 31, 2022	
	Increase	Decrease	Increase	Decrease
i) Discount rate (1% movement)	(2.34)	2.54	(5.00)	5.51
ii) Change in salary growth rate (1% movement)	2.45	(2.31)	5.36	(4.96)
iii) Change in employee attrition rate (1% movement)	(1.40)	1.45	(3.06)	3.17

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

f) Maturity

The defined benefit obligations shall mature after year end as follows:

Particulars	As at March 31,	
	2023	2022
i) 1st Following Year	0.17	0.30
ii) 2nd Following Year	5.82	0.28
iii) 3rd Following Year	8.92	9.08
iv) 4th Following Year	9.81	13.95
v) 5th Following Year	8.92	15.32
vi) Sum of Years 6 to 10	26.66	51.25
vii) Sum of Years 11 and above	15.93	38.47

The weighted average duration of the defined benefit obligation is 6 years (previous year - 8 years).

g) Risk Exposure

Gratuity is a defined benefit plan and Company is exposed to the Following Risks:

Interest rate risk: A fall in the discount rate which is linked to the Government Security Rate will increase the present value of the liability requiring higher provision.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Company has to manage pay-out based on pay as you go basis from own funds.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

34.3 Impact of Code on Social Security, 2020

The Indian Parliament has approved the Code on social security, 2020 which may impact the contributions by the Company towards Provident Fund and Gratuity. The effective date from which the changes are applicable is yet to be notified and the rules for quantifying and financial impact are yet to be determined. The Company will complete its evaluation and will give appropriate impact in the financial statements in the year in which, the code becomes effective and the related rules to determine the financial impact are notified.

35. Share based payment arrangement (Employee Stock Option Plan)

35.01 The Godrej Capital Employee Stock Option Scheme 2021 (“ESOP Scheme 2021”) of the Company was approved and adopted by its members at an Extraordinary General Meeting held on January 5, 2021 and Employee Stock Option Scheme 2022 (“ESOP Scheme 2022”) of the Company was approved and adopted by its members at an Annual General Meeting held on June 1, 2022. The Scheme is administered by Company's Board of Directors. The Scheme applies to all the Eligible Employees, who are the permanent employees of the Company or any Subsidiary of the Company, on the date of Grant of Options. The Compensation Committee of the Company would decide the entitlement of each employee based on his/her performance, level, grade, seniority and such other parameters as may be decided by the Compensation Committee. The Exercise Price will be as decided by the Compensation Committee. The Options granted would vest after twenty one months but not later than fifty seven months from the date of Grant of Options or as may be decided by Compensation committee. Exercise period is 7 (seven) years from the date of Vesting of Options or such other period as may be decided by the Compensation Committee, within which the Employee should exercise his right to apply for transfer of Equity Shares of the Company to him pursuant to the Option Vested in him in accordance with the ESOP Scheme 2021 and ESOP Scheme 2022.

The fair value of the options at grant date is determined using Black Scholes Model which takes into account the exercise price, the term of the option, the share price at the grant date and expected price volatility of the underlying shares, the expected dividend yield and the risk free interest rate for the term of the options. The compensation costs, if any, is amortised on a straight line basis.

During the year, the Company granted stock options to employees under the ESOP 2022 Plan where the exercise price was linked to the fair value of shares on the date of the grant.

35.02 Movements in the number of share options outstanding under the ESOP Scheme 2021 is set out below:

7 years from grant date	513	329
Total	513	329

Weighted average contractual life of options remaining outstanding at end of year is 5.56 years.

35.05 Fair value options

The fair value of options have been estimated as on the date of the grant using "Black Scholes" model. The key assumptions used in the model for calculating the fair value as on the date of grant are as follows:

	ESOP 2021	ESOP 2021	ESOP 2021	ESOP 2022
Grant Date	January 29, 2021	February 3, 2021	May 10, 2021	November 09, 2022
Share price	4.29	4.29	4.29	80,496.49
Exercise price	10	10	10	80,496.49
Risk-free interest rate	5.71% to 6.61%	5.71% to 6.61%	5.71% to 6.61%	6.69% to 7.34%
Expected life of the option	7 years	7 years	7 years	7 years
Expiry Date (from vesting date)	3 years	3 years	3 years	3 years
Expected volatility	42.4% to 43%	42.4% to 43%	42.4% to 43%	20.51% to 29.79%
Expected dividend yield	0.00%	0.00%	0.00%	0.00%
Fair Value of Options	0.9 to 1.6	0.9 to 1.6	0.9 to 1.6	12836.81 to 33681.63

The expected life of the share option is based on the management's current expectations and not necessarily indicative of exercise pattern that may occur. The volatility of the options is based on the historical volatility of listed comparable companies.

36. Fair Value Measurement

The fair value is the amount at which financial instruments could be sold on fair terms as of the reporting date. Where market prices (e.g. for marketable securities) were available, we have used these prices without modification for measuring fair value. If no market prices were available, the fair values for loans/receivables and liabilities were calculated by discounting using a maturity-matched discount rate appropriate to the risk.

36.1 Classification of financial assets and financial liabilities:

The following table shows the carrying amounts and fair values of Financial assets and Financial liabilities which are classified as Amortised Cost, Fair value through Profit and Loss (FVTPL) and Fair value through other comprehensive income (FVTOCI).

36. Fair Value Measurement (Continued)

36.2 Fair value hierarchy of financial instruments

The fair value of financial instruments are classified into three categories i.e. Level 1, 2 or 3 depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements).

Level 1: Financial instruments measured using quoted prices and that are traded in active market are categorized under level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using observable market data and not the entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The instruments are valued based on quoted prices for the similar instruments but for which significant observables adjustments are required to reflect the difference between the instruments.

36.2.1 Financial instruments valued at carrying value:

The respective carrying values of certain on-balance sheet financial instruments approximated their fair value. These financial instruments include cash in hand and bank balances, trade receivables, trade payables, overdraft facility payable on demand certain other assets and liabilities that are considered financial instruments. Carrying values were assumed to approximate fair values for these financial instruments as they are short-term in nature and their recorded amounts approximate fair values or are receivable or payable on demand.

36.2.2 Valuation techniques used to determine fair value:

The Company's accounting policies and disclosures require measurement of fair values, for both financial assets and financial liabilities.

The Company has an established control framework with respect to the measurement of fair values. The Board / Audit Committee has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial assets by valuation technique:

i) Investments in Mutual Funds

The fair values of investments in mutual funds is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

ii) Loans

Substantially all loans are at floating rate of interest, the carrying value of loans approximates their fair value.

iii) Borrowings and Debt Securities - (other than Market linked debt securities)

The Company's borrowings are at floating rate of interest and the carrying value of loans approximates their fair value.

Debt securities are short-term in nature and hence carrying value approximates their fair value.

37. Risk Management framework

37.1 Introduction

As a financial institution, Godrej Housing Finance is exposed to various types of risks namely credit risk, liquidity risk, market risks, operational risk, strategic risk (including emerging & external risks) and compliance & reputation risk.

We have adopted a holistic and data driven enterprise level risk management approach which includes monitoring both internal and external indicators. We as an organization periodically adjust our strategy, incognizance with industry risk dynamics and emergence of new challenges and opportunities. Godrej Housing Finance's risk management framework has been laid down with long term sustainability and value creation in mind.

Important pillars of the risk management approach are developing a strong risk management culture within the Company, alignment of risk with business strategy, creating, preserving and realizing value. The key risks are being monitored by way of various policies covering these areas.

The policies provide guiding principles by setting various guardrails, procedures, risk assessment and control frameworks etc. which are regularly tracked and reviews are presented to various senior management committees and board committees. An effort is also made to understand the best practices in risk management across industries which are then customized to our business requirements.

37.2 Company's Risk Management Framework for Measuring and Managing Risk

Risk management framework

Risk Management forms an integral part of the Company's operations. The company's Board of Directors with support of risk function has overall responsibility for the establishment and oversight of the risk management framework. The Board of Directors has constituted following committees and defined their role for monitoring the risk management policies of the company.

Board level committees

Risk Management Committee of the Board (RMC): The purpose of the Committee is to assist the Board in its oversight of various risks

- i) Credit Risk
- ii) Liquidity and Interest Rate Risk
- iii) Operational Risk (Process, HR, Technology and Fraud)
- iv) Strategic Risks (including emerging and external risks)
- v) Compliance and Reputation Risk (compliance risk and reputation risk are covered through compliance risk management charter).

Borrowing and Investment Committee: Provide guidance on nature of investments that shall be undertaken, and approve credit limits for various counterparties, where exposures in aggregate exceed a certain level.

Asset Liability Management Committee of the Board (ALCO): ALCO shall review the Liquidity Risk and Interest Rate Risk on a regular basis and suggest necessary actions based on its view and expectations on the liquidity and interest rate profile. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. The risk management policies and systems are reviewed regularly to reflect changes in the market conditions and the activities of the Company. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Risk Management Committee oversees how the management monitors compliance with the risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The **Audit Committee** is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

Credit Committee (MCC): Committee members include Managing Director (MD), Chief Risk Officer (CRO), Chief Financial Officer (CFO) and Chief Business Officer (CBO). Committee approves policies on recommendation of concerned credit committee. It approves/ modifies/disapproves business proposal based on delegation of authority (DOA) approved by the Board and recommends proposals.

(C) Liquidity risk

A risk that the Company will encounter difficulty in meeting its day to day financial obligations is known as liquidity risk. Management of liquidity risk is done as follows:

- i) ALCO sets the strategy for managing liquidity risk commensurate with the business objectives.
- ii) ALCO has delegated the responsibility of managing overall liquidity risk and interest rate risk to Treasury. ALCO has set various gap limits for tracking liquidity risk. The CFO and head of treasury monitor the gap limits with actuals and present the same to the MD & CEO.
- iii) Treasury department manages the liquidity position on a day-to-day basis and reviews daily reports covering the liquidity position of the Company. Treasury team ensures the regulatory compliance to the liquidity risk related limits approved in the ALM policy by ALCO.
- iv) The Company's approach to managing liquidity is to ensure sufficient liquidity to meet its liabilities when they are due without incurring unacceptable losses or risking damage to the Company's reputation.

The key elements of the Company's liquidity risk management strategy are as follows:

- i) Maintaining a diversified funding through market and bank borrowings resources such as debentures, commercial papers, subordinated debt, perpetual debt, Inter-corporate deposits (ICD's), overdraft and bank term loans. Unused bank lines constitute the main liquidity back up to meet the contingency funding plan. Additionally, based on Market scenario, the company also maintains a portfolio of highly liquid mutual fund units.
- ii) Under the ALM guidelines, the dynamic liquidity statement and structural liquidity statement are being prepared periodically to monitor the maturity gaps in the Assets and Liabilities cash flows.
- iii) The company carries out stress testing of cash flows on periodic basis and shares the results with ALCO to gauge the adequacy of liquidity.

The below table analyses the Company's financial liabilities and financial assets into relevant maturity groupings based on the remaining period as at the reporting date to the contractual maturity date.

(D) Operational Risk

The risk of direct or indirect potential loss arising from a wide variety of causes associated with the company's processes, personnel, systems, or from external factors other than credit, compliance, reputation, market and liquidity risks. Management of operational risk forms an integral part of the Company's enterprise wide risk management systems. Clear strategies and oversight by the Board of Directors and senior management, a strong operational risk management culture, effective internal control and reporting and contingency planning are crucial elements of the Company's operational risk management framework.

Godrej Housing Finance has a Business Continuity Planning "BCP" framework in place, to ensure uninterrupted business operations in case any disruptive event occurs. The company immediately activated its Business Continuity Plan (BCP) during this time of COVID 19 pandemic. The Company continues to seamlessly carry out normal operations hence addressing the risk associated with occurrence of the pandemic.

Cyber Security Risk

Various measures are adopted to effectively protect the company against phishing, social media threats and rogue mobile. Company ensures seamless accessibility of critical systems through virtual private network (VPN), thereby minimizing the risk of security/data breaches and cyber-attacks.

(E) Regulatory and Compliance Risk

Company being a debt listed NBFC is required to comply with variety of regulations such as RBI regulations, SEBI regulations, Companies Act, 2013, labor law and other administrative regulations. These regulations are undertaken by respective teams and are reviewed through central compliance management system.

37.3 Company's Risk Management Approach for handling various type of risks

(A) Credit risk management:

The credit risk is governed by defined credit policies and Board approved DOA which undergo periodic review. The credit policies outline the type of products that can be offered, customer categories, targeted customer profile, credit approval process, DOA and limits etc. Each business unit is required to implement company's credit policies and procedures and maintain the quality of its credit portfolio.

Credit Risk assessment methodology

The Company has a structured credit approval process, which includes a well-established procedure of comprehensive credit appraisal. The credit appraisal process involves critical assessment of quantitative and qualitative parameters subject to review and approval as per defined DOA. The credit assessment involves detailed analysis of industry, business, management, financials, end use etc. An internal rating is also assigned to the borrower based on defined parameters. For retail customers, the credit assessment is based on a parameterised approach. Credit risk monitoring and portfolio review. The company measures, monitors and manages credit risk at an individual borrower level. The credit risk for retail borrowers is being managed at portfolio level.

The credit assessment is carried out based on an internal risk assessment framework which rates the customers accordingly to various parameters. Data analytics is extensively used for effective risk monitoring.

(B) Market Risk

Risk due to change in market prices – e.g. interest rates, equity prices, foreign exchange rates and credit spreads, but not relating to changes in the obligor's/issuer's credit standing and will affect the Company's income or the value of its holdings of financial instruments. The objective of the Company's market risk management is to manage and control market risk exposures within acceptable risk tolerances levels to ensure the solvency while optimising the return on risk. ALCO sets up limits for each significant type of risk/aggregated risk and various products in the portfolio, with market liquidity being a primary factor in determining the level of limits.

Exposure to Market Risk

Interest rate risk

Core business of the Company is borrowing and lending as permitted by the Reserve Bank of India, exposing us to interest rate risk. Interest rate risk is measured through Interest rate sensitivity report where gaps are being monitored classifying all rate sensitive assets and rate sensitive liabilities into various time period categories according to earliest of contracted/behavioural maturities or anticipated re-pricing date. The Company monitors interest rate risk through above measures on a monthly basis. The interest rate risk limits are approved by the ALCO. A regular stress testing on liquidity scenarios and interest rate scenarios is carried out and presented to the ALCO.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 4

The Board of Directors of the Company vide Circular Resolution dated October 17, 2022, on recommendation of the Nomination & Remuneration Committee had appointed Mr. Saibal Ghosh (DIN: 09766300) as an Additional Director in the capacity of Independent Director for a term of five (5) consecutive years with effect from October 17, 2022, not liable to retire by rotation, subject to approval of the Members of the Company at the ensuing Annual General Meeting (AGM). Thus, approval of the Members is being sought for appointment of Mr. Saibal Ghosh as an Independent Director of the Company for a term of 5(five) consecutive years, effective from October 17, 2022 up to October 16, 2027.

Mr. Saibal Ghosh is not disqualified from being appointed as a director in terms of Section 164 of the Companies Act 2013 (the Act). He has confirmed that he is not debarred from holding the office of director by virtue of any order from SEBI or any such authority and has given his consent to act as Director of the Company.

The Company has also received a declaration from him that he meets the criteria of independence as prescribed under section 149(6) of the Act.

The Nomination and Remuneration Committee and the Board of Directors have reviewed and confirmed that Mr. Saibal Ghosh meets the Fit & Proper person criteria as prescribed by the Reserve Bank of India (RBI).

The Board has taken on record the declarations submitted by him and is of the opinion that he is a person of integrity and possesses relevant expertise and experience and fulfils the conditions for appointment as an Independent Director as specified in the Act.

The relevant documents with respect to the aforesaid matter will be available for inspection by the Members at the Registered office of the Company during its business hours on all working days.

Considering the rich and vast experience of Mr. Saibal Ghosh (detailed in **Annexure I**), your Board believes that his appointment as Independent Director on the Board of the Company will be in the benefit of the Company.

Except Mr. Saibal Ghosh, being the appointee, none of the Directors or Key Managerial Personnel or their relatives, other than to the extent of their shareholding in the Company are in any way, concerned or interested, financially or otherwise in the said resolution set out at Item No. 4 of the Notice.

The Board of Directors accordingly recommends the Ordinary Resolution set out at Item No. 4 of the Notice for the approval of the Members.

Item No. 5

The Company proposes to undertake the business or render services as an Insurance Intermediary i.e. Corporate Agent and to sell/distribute/market/solicit/procure Insurance Policies/Products or any other products offered by the Insurance Companies, on the basis of a commission, remuneration or fees.

To enable the Company to undertake the aforesaid business, the Company needs to be authorized to do so by virtue of Object clause of the Memorandum of Association (MOA) of the Company.

As the current MOA of the Company does not contain provision for undertaking the aforesaid business, it is proposed to amend the object clause by insertion of below enabling clause:

44. To carry on the business or render services as Insurance Intermediary including Corporate Agent and/or Broker of the Insurance Companies and to sell/distribute/market/solicit/procure all or any type of the Insurance Policies/Products or any other products offered by the Insurance Companies, on the basis of a commission, remuneration or fees.

Pursuant to Section 13 of the Companies Act, 2013 ("Act"), the consent of the Members of the Company by way of a special resolution is required for amendment of the MOA of the Company.

None of the Directors or Key Managerial Personnel or their relatives, other than to the extent of their shareholding in the Company are in any way, concerned or interested, financially or otherwise in the said resolution set out at Item No. 5 of the Notice.

The Board of Directors accordingly recommends the Special Resolution set out at Item No. 5 of the Notice for the approval of the Members.

Item No. 6

The Company has issued and allotted 2 (two) Series viz. Series A of FY 2022-23 and Series B of FY 2022-23 of Non-Convertible Debentures (NCDs) amounting to Rs. 96 Crores and Rs. 104 Crores, respectively under the private placement basis during financial year 2022-23 and the said NCDs are listed on the National Stock Exchange of India.

Consequent to the said listing, the Company is required to comply with various regulations issued by The Securities and Exchange Board of India (SEBI) from time-to-time which inter alia include, SEBI (Listing Obligations and Disclosure Requirements), 2015, SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 and Operational Circulars as issued by SEBI, from time to time.

SEBI vide circular dated February 2, 2023, amended the SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 and issued SEBI (Issue and Listing of Non-Convertible Securities) (Amendment) Regulations, 2023 (the NCS Regulations).

As per the NCS Regulations, company is required to amend its Articles of Association (AOA) to include a clause to appoint the person nominated by the debenture trustee(s) in terms of clause (e) of sub regulation (1) of regulation 15 of the SEBI (Debenture Trustees) Regulations, 1993 as a director on its Board of Directors, in the following event:

- a) two consecutive defaults in payment of interest to the debenture holders; or
- b) default in creation of security for debentures; or

c) default in redemption of debentures.”

It is therefore proposed to insert following Article No. 41A in the existing set of AOA of the Company:

“41A. The Company shall appoint a director on the Board of the company nominated by the Debenture trustee in the event of:

- (i) two consecutive defaults in payment of interest to the debenture holders; or*
- (ii) default in creation of security for debentures; or*
- (iii) default in redemption of debentures.”*

Pursuant to Section 14 of the Companies Act, 2013 (“Act”), the consent of the Members of the Company by way of a special resolution is required for amendment of the AOA of the Company.

A draft of the altered AOA of the Company will be available for inspection by the Members at the Registered office of the Company during its business hours on all working days.

None of the Directors or Key Managerial Personnel or their relatives, other than to the extent of their shareholding in the Company are in any way, concerned or interested, financially or otherwise in the said resolution set out at Item No. 6 of the Notice.

The Board of Directors accordingly recommends the Special Resolution set out at Item No. 6 of the Notice for the approval of the Members.

Item No. 7

The Members at the 4th (Fourth) Annual General Meeting of the Company held on May 25, 2022, reappointed Mr. Manish Shah (DIN: 06422627) as the Managing Director and Chief Executive Officer of the Company with effect from September 4, 2022 for a period of 3 (three) years and approved the remuneration for the period from April 1, 2022, to March 31, 2023.

As per the recommendation of the Nomination and Remuneration Committee, the Board of Directors at its meeting held on May 4, 2023 approved the remuneration payable to Mr. Manish Shah, Managing Director and Chief Executive Officer of the Company for the period from April 1, 2023 to March 31, 2024 not exceeding Rs.5 Crores (Rupees Five Crores only) per annum, subject to approval of the Members.

As per provisions of Section 197 of the Companies Act, 2013 (“the Act”), if a company has no profits or its profits are inadequate, the company can pay to its directors, including any managing or whole-time director or manager or any other non-executive director, including an independent director, by way of remuneration any amount only in accordance with the provisions of Schedule V of the Act.

Further, Schedule V prescribes that remuneration within the limits specified in Section II (Table A) therein can be paid if approval of shareholders by way of ordinary resolution is obtained and in case the remuneration exceeds the limit specified above, approval of shareholders by way of special resolution is required. In view of said regulatory requirements and considering that the remuneration payable to Mr. Manish Shah, Managing Director and Chief Executive Officer of the Company is in excess of the limits

specified, approval of shareholders by way of special resolution will be required for the remuneration payable to Mr. Manish Shah.

Considering the Company's future business plans, growth potential, expansion of the Company's loan portfolio and to meet the requirement of additional funds for the coming years, the Board of Directors of the Company at their meeting held on May 4, 2023 approved the following subject to approval of the Members of the Company:

- Increase existing borrowing limits of the Company from Rs. 6,000 Crores to Rs. 10,000 Crores, subject to the condition that the total amount of such borrowing(s) outstanding at any given point of time together with the money already borrowed (apart from temporary loans obtained by the Company from its Bankers/ other entities in ordinary course of business) shall not at any time exceed the limit of Rs. 10000,00,00,000 (Rupees Ten Thousand Crores only),
- Increase in existing limit for creation of charges, mortgages, hypothecations etc. on both present and future movable and immovable properties, of the Company from Rs. 6,000 Crores to Rs. 10,000 Crores, subject to the condition that the total charges, mortgages, hypothecations etc. together with charges, mortgages, hypothecations etc. already created on both present and future movable and immovable properties, of the Company do not exceed sum of Rs. 10000,00,00,000 (Rupees Ten Thousand Crores only).

Accordingly, in terms of Section 180(1)(c) and 180(1)(a) of the Companies Act, 2013 (“the Act”), prior approval of the Members of the Company by way of special resolution for the aforesaid matters is being sought.

None of the Directors or Key Managerial Personnel or their relatives, other than to the extent of their shareholding in the Company are in any way, concerned or interested, financially or otherwise in the said resolution set out at Item No. 8 and 9 of the Notice.

The Board of Directors accordingly recommends the Special Resolution set out at Item No. 8 and 9 of the Notice for the approval of the Members.

Item No. 10

The Members at the EGM of the Company held on December 6, 2022 had granted their approval, by passing a Special Resolution, to the Board of Directors of the Company to create / invite / offer / issue / allot such number of Non-Convertible Debentures (“NCDs”), by way of private placement, in one or more series or tranches, on such terms and conditions, as may be determined by the Board of Directors such that the aggregate principal amount of such NCDs issued during a period of 1 year commencing from the date of passing of the said special resolution i.e. December 6, 2022 , does not exceed Rs. 2,000 Crores.

Considering the business plans and growth of the Company and to enable the Company to raise funds by way of issuance of NCDs, the Board of Directors of the Company at their meeting held on May 4, 2023, proposed to create / invite / offer / issue / allot such number of NCDs, by way of private placement, in one or more series or tranches, such that the aggregate principal amount of such NCDs to be issued during a period of 1 year commencing from the date of passing of the Special Resolution set out at item no. 10 of the AGM Notice (i.e. May 22, 2023), does not exceed Rs. 2000 crores and it is further proposed to authorise the Borrowing & Investment Committee to undertake all acts, deeds, matters and things as it may in its absolute discretion deem necessary, expedient, proper or desirable, in respect of issuance of NCDs under private placement including but not limited to determine the terms and conditions of the NCDs to be issued, number of NCDs to be issued, issue price, face value, issue size, coupon, tenor, objects of the issue, etc., subject to the approval of the Members of the Company.

In terms of Section 42 of the Act read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, a Company shall not make an offer or invitation to subscribe to securities (including NCDs) under private placement unless the proposal has

been previously approved by the members of the company, by way of special resolution.

Further, in case of offer or invitation to subscribe to NCDs, where the amount proposed to be raised through such offer or invitation exceeds the limits specified in Section 180(1)(c) of the Act, it shall be sufficient if the company passes a previous special resolution only once in a year for all the offers or invitations to subscribe NCDs, during the year.

Accordingly, it is proposed to seek the approval of the Members of the Company in terms of Section 42 of the Act read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, to create / invite / offer / issue / allot up to such number of NCDs, under private placement, in one or more series or tranches, such that the aggregate principal amount of NCDs to be issued during a period of 1 year commencing from the date of passing of the Special Resolution set out at Serial No. 10 of the AGM Notice, does not exceed Rs. 2000 Crores.

		thereunder and other applicable law for the time being in force.
7	Proposed time schedule	One year from the date of passing of special resolution by the Members .
8	Purposes or objects of offer	The funds raised through this issue will be utilized for various financing activities, onward lending, to repay our existing indebtedness, working capital and general corporate purposes (such as investments for liquidity and statutory requirements, capital expenditure, revenue expenditure etc.) of the Company.
9	Contribution being made by the promoters or directors either as part of the offer or separately in furtherance of objects	None
10	Principle terms of assets charged as securities	Secured by way of pari-passu charge or exclusive in favour of debenture trustee on the Standard Assets/ receivables, and cash & cash equivalents to the extent required to maintain Asset Cover upto 125% of debenture outstanding except those receivables exclusively charged against which refinance is availed or will be availed from government bodies. However, the Company shall, from time to time, be entitled to create any charge, mortgage, pledge, security interest, encumber or create lien on its Assets, subject to maintenance of Asset Cover upto 125%, except to the extent of charge created in favor of government bodies or as may be required under any law, regulation, guidelines or rules.

None of the Directors or Key Managerial Personnel or their relatives, other than to the extent of their shareholding in the Company are in any way, concerned or interested, financially or otherwise in the said resolution set out at Item No. 10 of the Notice.

The Board of Directors accordingly recommends the Special Resolution set out at Item No. 10 of the Notice for the approval of the Members.
